

SCI Peer Support Group

Become a peer mentor for our Spinal Cord Injury (SCI) Support Group! Our SCI Peer Support Group offers a welcoming space for people living with spinal cord injuries to encourage, share, and support one another. Help our SCI patients navigate the physical, emotional, and social challenges associated with SCI.

Please reach out to kristen.crifasi@lcmchealth.org if you have a spinal cord injury and are interested in becoming a Manning Family Children's peer mentor.
